CON NOTES **October 2018**

Greetings, Members of the Regulated Community!

Department staff wish to bring the following item to your attention this month:

Joint Annual Report Timing

As you know, we have undertaken to complete a State Health Plan review and update each and every year. We're becoming more and more efficient at doing so as time passes, but we have experienced internal and external difficulties in collecting JAR data for timely inclusion in our Health Plan updates. Recently, we launched the Nursing Home JAR period for 2017 data and will launch the Ancillary Facility JAR period for 2017 data very soon. We understand that this is very late in 2018, and we apologize for that. We must also tell you that we're committed to launching the JAR reporting periods for Hospitals, Nursing Homes, and Ancillary Facilities **prior to the end of Q1 2019**. For many, this will lead to very short intervals between 2017 and 2018 reports. However - and this is important - we are doing this in order to provide 2018 utilization data in the 2019 State Health Plan. With your help, we can offer annual updates to the Health Plan which are made more meaningful with timely data. Finally, please help us by ensuring that whomever is completing your JAR includes their **full contact information**, to include name, direct phone number, current email address, and other identifying information.
